

Video conferencing program with the Parliamentary Education Office

Looking for ways to make civics and citizenship more dynamic, relevant and memorable for you and your class? Experience the PEO's video conferencing programs for students and teachers.

Parliamentary Insider is a curriculum-aligned program for students in years 5–12. Bring Parliament to your students during the session, through talking with experts to discover how our democratic system works.

Our programs are flexible and can be delivered to students working remotely via Microsoft Teams and Zoom.

With more than 30 years' experience in educating students and teachers about the Australian Parliament, we look forward to exploring with you and your class the function and significance of Parliament in a dynamic and immersive way.

For more information head to peo.gov.au
or contact our video conference coordinator.
