

Video conferencing program with the Parliamentary Education Office

Looking for ways to make civics and citizenship more dynamic, relevant and memorable for you and your class? Experience the PEO's video conferencing programs for students and teachers.

The PEO offers two interactive, curriculum-aligned programs for students in years 3 to 12:

- **Introducing Parliament** – 30 minute program introducing democratic ideas to students in years 3–4
- **Parliamentary Insider** – 50 minute program featuring interactive activities for students in years 5–12

Our programs are flexible and can be delivered to students working remotely via Microsoft Teams, Zoom and Webex.

With more than 30 years' experience in educating students and teachers about the Australian Parliament, we look forward to exploring with you and your class the function and significance of Parliament in a dynamic and immersive way.

For more information head to peo.gov.au
or contact our video conference coordinator.
